1. The IDS filed on 1-7-05 has been considered and made of record.

***Response to Arguments***

2. Applicant's arguments, see remarks, pages 8 and 10, filed 12-8-04, with respect to Tumey et al. (US 20020097145), Lemelson et al. (US 6,400,835) and Turner (US 6,002,326) together or by themselves not teaching *a detector* detecting radiation from a person located in the predefined field outside of the vehicle and detecting radiation reflected from an occupant of the vehicle that is located in the predefined interior field of the vehicle of claim 29 and sounding an alarm and recording an image of the person in a memory *when* the processor determines that the person *is not* an authorized user of claim 35 have been fully considered and are persuasive. The rejection of claims 24-39 has been withdrawn.

**REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance: claims 24-39 are allowed because, the prior art of record Tumey et al. (US 20020097145) and Lemelson et al. by themselves or combined do not teach, *a detector* detecting radiation from a person located in the predefined field outside of the vehicle and detecting radiation reflected from an occupant of the vehicle that is located in the predefined interior field of the vehicle and further perform facial feature recognition of the authorized occupant in both of the detecting steps to authorize the occupant of the

vehicle of claim 29 and Lemelson et al. in view of Turner do not teach sounding an alarm and recording an image of the person in a memory *when* the processor determines that the person *is not* an authorized user of claim 35, combined with other features and elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
